

SPEAKER: Senator Kremer, speak into the mike. We couldn't hear you.

SENATOR KREMER: Perhaps we should vote on bringing it back first. But I do have a question to ask Senator Carpenter or perhaps make a comment, rather than a question, if I may.

SPEAKER: Senator Carpenter, will you yield?

SENATOR CARPENTER: Certainly.

SENATOR KREMER: Senator Carpenter, I am a little concerned about your definition for energy source in subparagraph 2 under Section 1. Energy source shall mean gasoline or other motor vehicle fuel. Now, do you interpret this to include tractors, or are we talking about just automobiles and trucks because it's our fuel for tractors, diesel fuel is one thing we are really concerned about. I am not sure your definition there would cover a tractor.

SENATOR CARPENTER: Well, how would you like to enlarge it?

SENATOR KREMER: Well, just insert the word "tractor" or "tractor fuel".

SENATOR CARPENTER: All right. Before we move it back, after the word "vehicle fuel"..

SENATOR KREMER: "motor vehicle or tractor fuel".

SENATOR CARPENTER: ..tractor fuel after..on line 9, add "tractor fuel".

CLERK: On what section, Senator?

SENATOR KREMER: Section 1, subsection 2, on line 9.

SENATOR CARPENTER: Line 9.

SENATOR KREMER: I am concerned...

CLERK: "Energy source shall mean gasoline or other motor vehicle fuel".

SENATOR KREMER: "Motor vehicle or tractor fuel". Because I am not sure that the definition would include tractor fuel.

SENATOR CARPENTER: I have no objection. I am trying to do the best I can. Now with the amendment as corrected, then I move it be returned to Select File for the specific amendment as amended before it was moved.

SPEAKER: The chair recognizes Senator Warner.

SENATOR WARNER: Just a com...Senator Kremer, I think you.. tractor fuel is distillate, that...you want diesel fuel.

SENATOR KREMER: I think probably a better amendment would be "or other motor fuel". This would take care of..because there are..there is irrigation motors and other things that do consume fuel and they would not be covered.

SENATOR CARPENTER: Will you give the clerk what definition you want to put on. I think we all have the same idea trying to broaden the application of the fuel.

SENATOR KREMER: Right.

SENATOR CARPENTER: What do you suggest to the clerk? We are talking about Line 9, after the word "fuel". What do you want to insert.

CLERK: "other motor fuel".
